

Northern Zone 2019 Workshops

Saturday

Valley Tours	<p><u>Water Buffalo Farm, Talk and an Ice cream hosted by Tara Gowen (Dirt Road)</u></p> <p>Wander in this beautiful part of the valley – out to the Buffalo Farm. Watch the Buffalo at play then indulge in an ice cream – or coffee.</p> <p>Code VT1</p>	<p><u>Pub with No Beer,</u></p> <p>A drive hosted by David Oliver and Owen Rushton. (Dirt Road) Join David, on a trip to Taylors Arm where you will be stopping to get some fabulous tips on landscape photography from one of Australian's Best. Finish the drive with a beer at the pub, and a walk to the old Catholic Church.</p> <p>Code VT2</p>	<p><u>Bowraville and Surrounds hosted by Matt Gilligan</u></p> <p>Join Matt on a tour around the iconic Verandah Town of Bowraville – If time permits we will enjoy the landscapes of the beautiful Arms, that reach out into the hinterland of the Nambucca Valley.</p> <p>Code VT3</p>
	<p><u>A walk around Macksville with FujiFilm Cameras. Hosted by Warwick Williams.</u></p> <p>Ready to get your hands on with a new FujiFilm Camera? Join Warwick as he walks around Macksville – looking at the iconic features that Macksville the Perfect River town. Our Bridge, the Star Hotel, are just a start..</p> <p>CODE WS1</p>		<p><u>Get that print right a workshop about printing – hosted by Derek Mobbs</u></p> <p>"That was another wonderful presentation at Pittwater Camera Club, Derek. Thank you for coming along. It's interesting to see how the printers, and all that's associated with them, have changed over the last few years. As soon as I get a chance I'm going to apply what you've told us."</p> <p>If you want to get in the know – how, about how to get that printing right – check out this workshop with Derek, Might be REALLY important if you take home the Epson P600 .. After the Conference</p> <p>Code WS4</p>
	<p><u>Drone Work Shop Hosted by Peter Bignell.</u></p> <p>We welcome Peter Bignell - who has put his hand up to do a workshop on Drone and 360 photography. Peter will also join us at the Sunrise Shoot – so if you want to learn a little more - about Drone Photography – or 360 Photography – Peter is the person to talk too.</p> <p>Code WS2</p>		
Workshops	<p><u>Natural Light Photography at Mary Bolton's Museum. –Hosted by Simon Whittaker.</u></p> <p>Join Simon as he presents - how he creates amazing shots - His work with models, brides is breathtaking – check out his web site – to En Vogue – to get a taste of his style and experience.</p> <p>Watch the master at work, and then follow his tips to get that great Code portrait shot.</p> <p>Code WS3</p>		<p><u>Watch me twirl – Time in a dance studio. Hosted Sharron Lamb</u></p> <p>An introduction on how to improve your black & white photography * Ideas on when an image will convert suitably to B&W "before" taking your photo. * Some advice for creating great B&W images. * The WOW factor in Light Painting Photography <u>Techniques from simple to extravagant.</u></p> <p>Code WS5</p>
